

Task 4

Before starting Task 4, close and open STEVE again.

- Create an application first to present the media *trailer.mp4*.
- Also, present the media *button.png* together with the trailer.
- Then, make the button image interactive.
- You need to define that when users of your application press the ENTER key, the application will present the media *movie.mp4* and stop the media *trailer.mp4* and *button.png*.
- Please remember to register how much time you spent for completing the task.

Please, save your project as ***Task_4*** when it is done.
