Before starting Task 3, close and open STEVE again.

- Extract automatically hot and cold sensory effects from video.mp4.
- Please remember to <u>register how much time</u> you spent for completing the task.

Note: Check **if you agree** with the temporal synchronization of the generated sensory effects. We are going to ask your feedback about it later.

Please, save your project as Task_3 when it is done.

Usability Test STEVE for Sensory Effects
